

 **RESTOCON™**

Restoration Contractors

Your Project, Our Goal

Restocon Corporation is a leading specialty construction firm operating across the southeastern United States from five regional offices. Each construction project is unique, but we bring the same level of skill, expertise, and quality to every engagement. Our team works to maintain our high standard of quality for construction while delivering projects on time and within budget. Over the course of our history we have developed long-lasting relationships with architects, engineers, property owners, and governmental agencies.

HISTORIC RESTORATION

Masonry repairs: Brick repair, replacement, pointing, and other surfaces.

Terra cotta: Repairs and patching or total piece replacement.

EXTERIOR ENVELOPE IMPROVEMENTS

Brick and stone: Brick replacement and mortar pointing.

Pre-cast Facades: Exterior coating, clips, and joints.

WATERPROOFING AND SEALANTS

Wet-glazing: Metal-to-glass joints and glass-to-glass joints.

Sealants: Window perimeter joints and vertical expansion joints.

Exterior coatings: Sealers, elastomeric, and acrylic coatings.

Our restoration work has maintained historical architectural detail and added modern enhancements to many historical buildings. Our construction process is sensitive to historical needs as well as integrating the most appropriate safety and environmental improvements.

“We've always worked closely with our clients to deliver the highest quality restorations of some of the finest historic buildings in the region.”

—Robert Howell, Founder and CEO
